DESIGN AND  
FUNCTIONALITY  
OF THE  
HIGHEST  
STANDARD

## INNOVATION SINCE 1898

There are quite a lot of high-quality office furniture manufacturers. Yet very few companies have the expertise and experience needed to design holistic workspaces.

DOBERGO develops individual workspace concepts that again and again raise the bar in terms of design, functionality and quality. Our holistic office solutions are thrilling demanding customers in various sectors – at banks, insurance companies, car dealers and industrial companies as well as service providers. They also create very attractive and productive working environments.

Thus we strive to meet our high demands day in, day out to provide you with optimum working conditions day in, day out.

WE ARE DOBERGO THE DEMAND.

## CONTINUITY AS A RECIPE FOR SUCCESS

Our high demands arise from a long-term tradition in our medium-sized, family-run business. Hence, Dobergo has been synonymous with timeless design, practical functionality and top quality since 1898.

Developed and produced in Betzweiler in the Black Forest with a down-to-earth attitude, high innovative capacity, fondness for detail and craftsmanship.

# EXCELLENT REASONS FOR CHOOSING DOBERGO

THIS MAKES THE DESIGN OF WORKSPACES A PLEASURE

# 1

## HOLISTIC FURNISHING CONCEPTS

Development of holistic office furnishing concepts is DOBERGO's core strength. In collaboration with designers, architects and end customers, we create individual workspaces with coordinated desk, storage, meeting as well as conference, glass partition wall systems and beyond that even technical furnishings such as kitchenettes.

The benefit for you? Customised furnishings from one source fully satisfying your wishes and meeting your requirements. All thanks to our longstanding timeless design and supreme manufacturing quality!

FOCUSED ON THE BIG PICTURE - FROM THE  
FIRST IDEA TO THE FINISHED INTERIOR DESIGN.

## 2

### FURNISHINGS WITH CORPORATE DESIGN ELEMENTS

In collaboration with agencies and designers, our interior architects develop furnishing concepts and workspaces that visualise your brand messages and contain elements of your corporate design. As a result your office interior gets a uniform look and feel reflecting your brand identity and communication media.

The perfect platform for seamless brand communication!

GIVE YOUR OFFICE A  
UNIQUE CHARACTER: YOURS.

## MADE-TO-MEASURE OFFICE FURNISHINGS

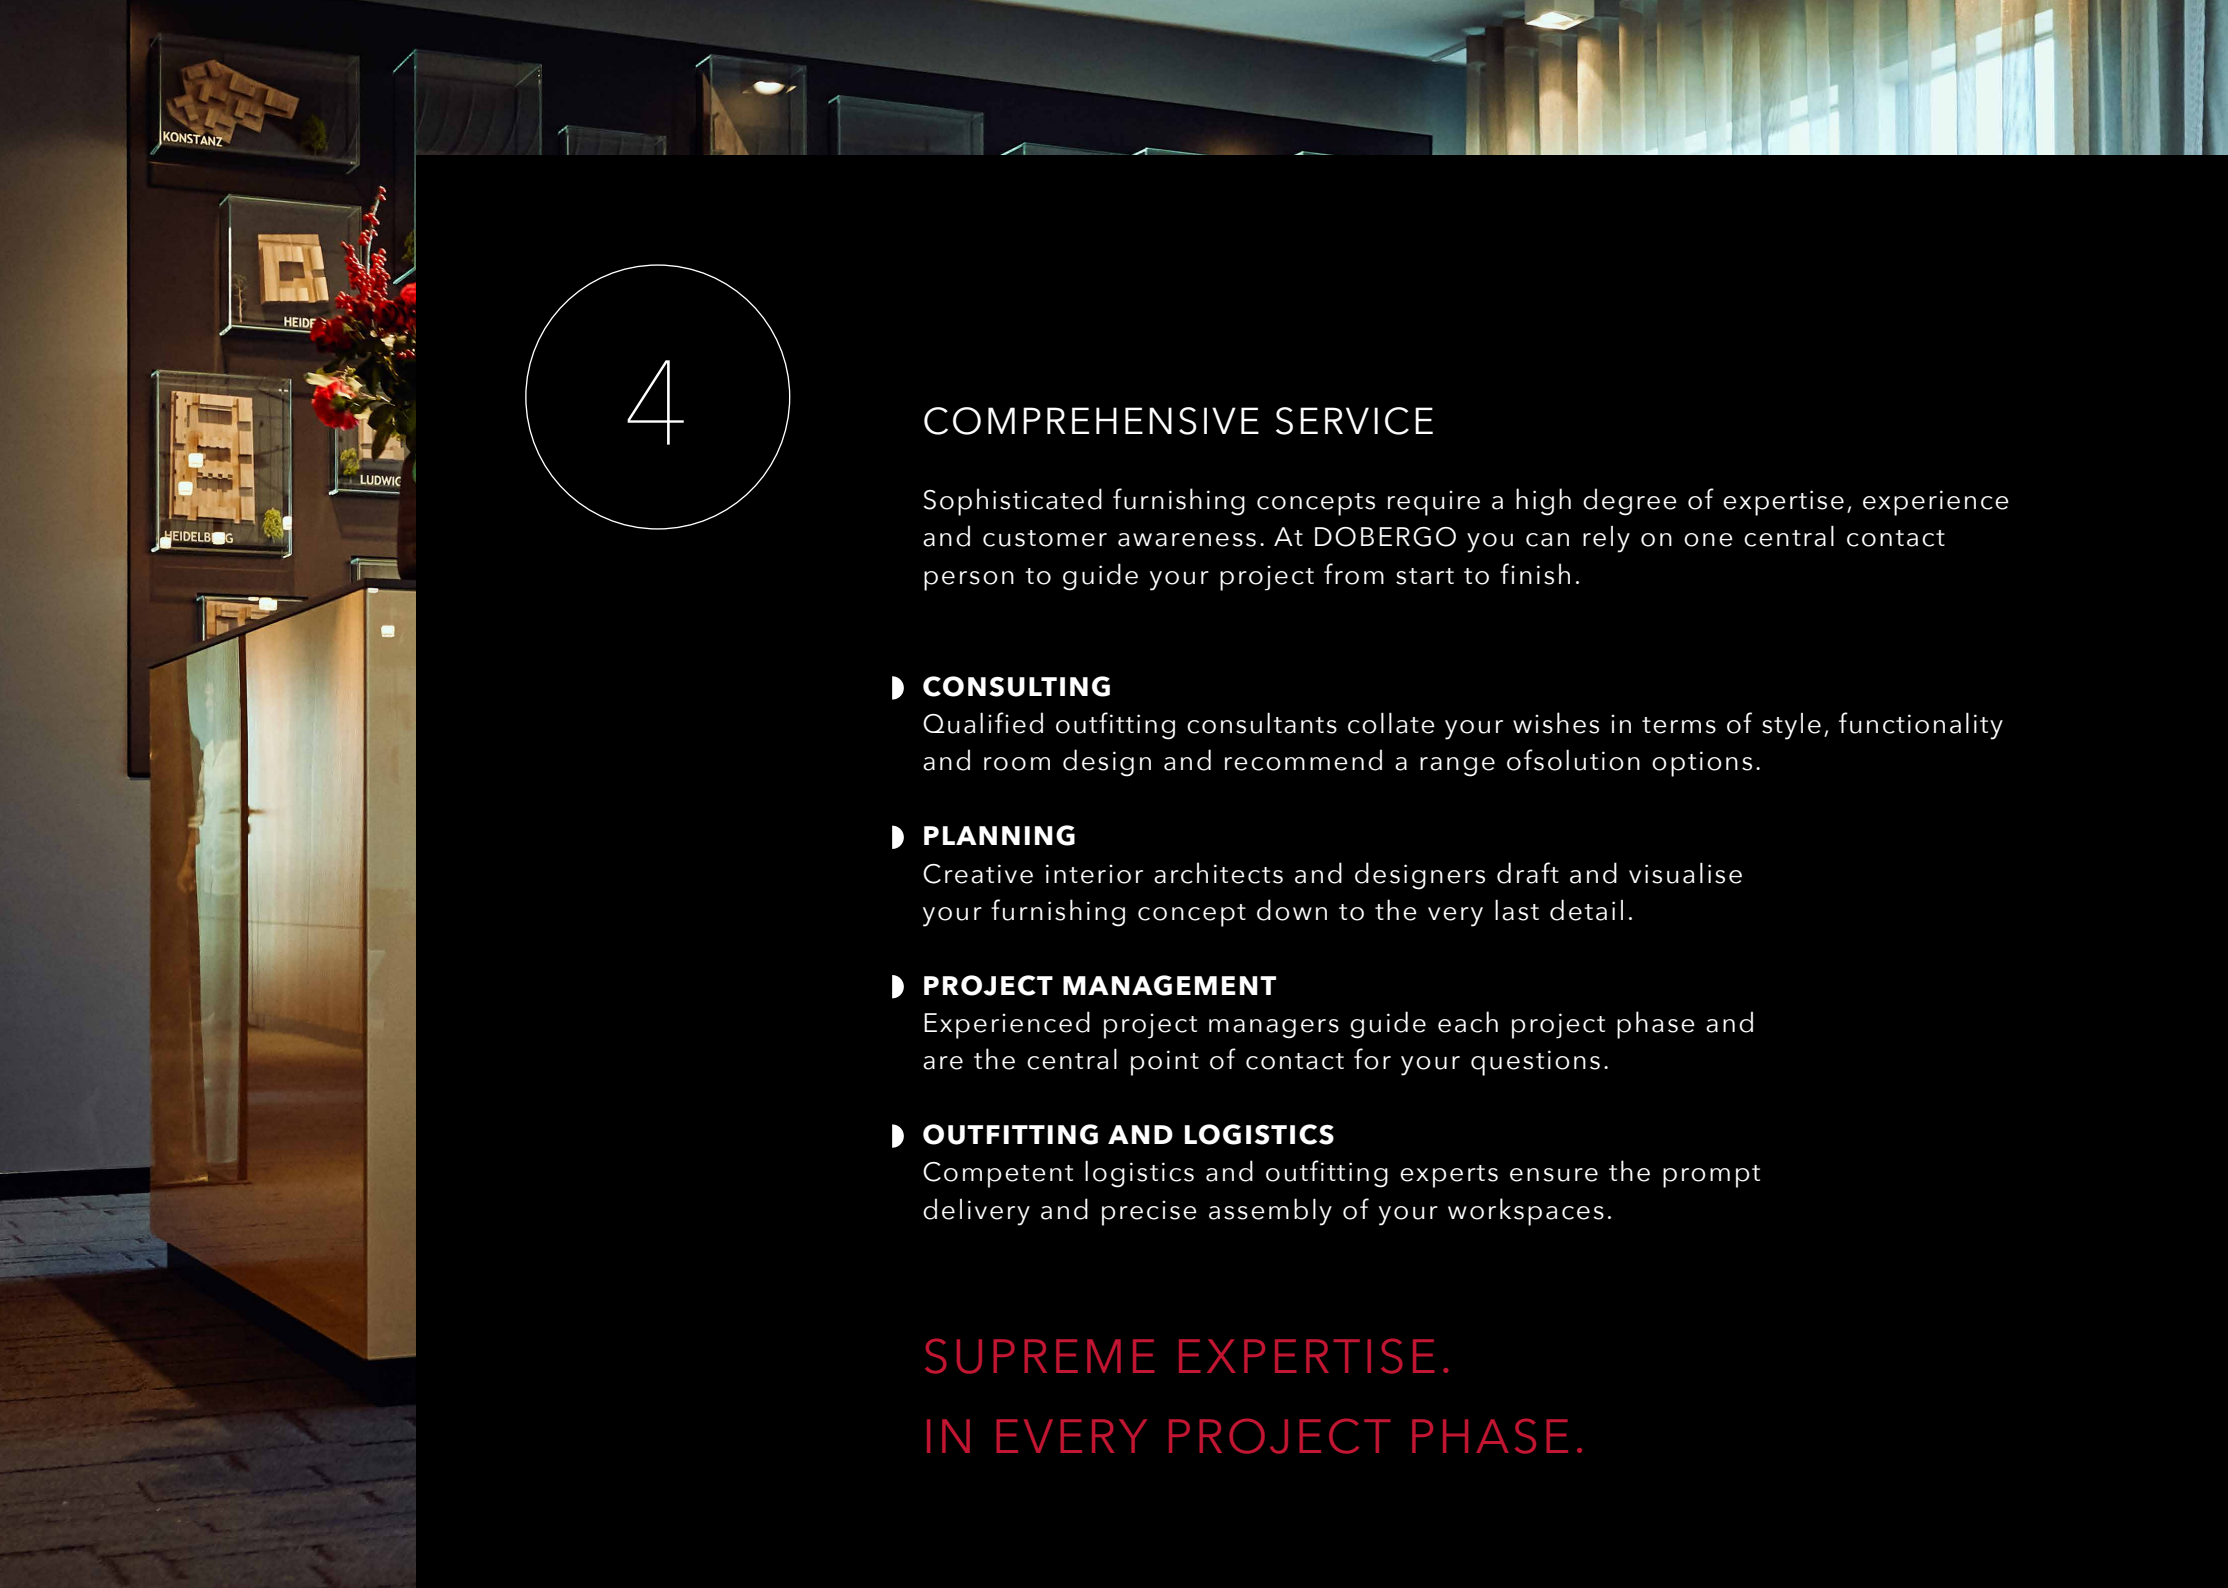

Every company has its own imaginations of ideal work environments. Which is why we combine high-quality, industrially produced standard items with made-to-measure furnishings to create unique and customised office interior concepts. In creative dialogue with our customers, we realise, for instance, reception desks, interior fittings, conference rooms, individual and openspace offices as well as break-time and canteen zones. All this along the entire value-added chain, from the initial concept through prototyping and manufacturing standard products and customised solutions.

Your requirements are our demand!

CUSTOMISED SOLUTIONS?  
WE MAKE THEM POSSIBLE.

## COMPREHENSIVE SERVICE

Sophisticated furnishing concepts require a high degree of expertise, experience and customer awareness. At DOBERGO you can rely on one central contact person to guide your project from start to finish.

### ► CONSULTING

Qualified outfitting consultants collate your wishes in terms of style, functionality and room design and recommend a range of solution options.

### ► PLANNING

Creative interior architects and designers draft and visualise your furnishing concept down to the very last detail.

### ► PROJECT MANAGEMENT

Experienced project managers guide each project phase and are the central point of contact for your questions.

### ► OUTFITTING AND LOGISTICS

Competent logistics and outfitting experts ensure the prompt delivery and precise assembly of your workspaces.

SUPREME EXPERTISE.  
IN EVERY PROJECT PHASE.

EXCELLENT REASONS FOR CHOOSING DOBERGO

Discover the unique quality of our office furniture first hand at our showroom in Betzweiler and gain an insight into the comprehensive range of options available for your customised workspaces.

Experience the immense diversity of DOBERGO products and holistic solutions, including seating, lighting and acoustic components over two floors with approximately 2,800 m<sup>2</sup> of showroom space. Get inspired by the countless configuration options our office furniture offers.

Take a peek at our own offices and get a realistic impression of our office furnishings. Using VR glasses, you can even take a virtual tour of your own future furnished office.

PRODUCTION AND SUSTAINABILITY

PRODUCTION AND SUSTAINABILITY

Production and assembly of all DOBERGO office furniture and fittings is carried out at the company headquarters in Betzweiler in the Black Forest. Using state-of-the-art machinery and optimised production processes, we manufacture high-quality standard products in large and small unit quantities as well as individually customised items. All with the highest aspirations in terms of precision and processing quality. Visit us on site to witness our flexible and efficient production for yourself.

## → THE ONLY RESOURCE WE DON'T SPARE: OUR INNOVATION

At DOBERGO sustainability takes on many forms. For example, our products are manufactured with a high production depth at the company headquarters in Betzweiler – which means no costly transport routes. Thanks to the timeless design, modular construction and extensive service life, our office furniture will last for many a long year before it is then disassembled and recycled.

At the company headquarters we dispense with fossil fuels in favour of waste wood from the production process, which is used to generate heat and warm water in a state-of-the-art thermal recovery/wood burning facility. Our logistics department uses reusable packaging. The lorry fleet complies with the latest emission regulations. Not to mention that our quality management is certified in accordance with DIN ISO 9001 and our environmental management in accordance with DIN ISO 14001.

# A UNIQUE STANDARD, LIMITLESS POSSIBILITIES

## DOBERGO WORKSPACES

DOBERGO brings together. Outstanding design and top functionality. Creative freedom and reduced design language. And you and your custom office. Because we don't just produce furniture, we create workspaces. In addition, we are thinking holistically - from consulting to installation, from a reception to a kitchenette, from series-produced furniture to custom products featuring your corporate design. This results in the creation of inspiring office concepts that always have one thing in common: they meet the highest demands.

# WHAT DISTINGUISHES OUR PRODUCTS?

The perfect interplay between timeless design and exceptional functionality. The modular principle that allows all our products to be individually configured. In addition to a variety of combination options.

But above all, our approach to designing holistic office furniture concepts using standard products and customised creations. Developed and manufactured in the Black Forest. Only at DOBERGO.

## DESK SYSTEMS

Modular desk systems for offices and management rooms. Offering angular or rounded top edges and an extensive variety of top materials, base variations and outfitting options.

## ROOM SYSTEMS

Partitioning with linear or curved glass for seamless glazed areas that are connected with thin aluminium profiles. They create light-flooded rooms, whereby the transparency can be reduced individually with the use of films. By combining them with ALVERO panels, shelves can be fixed in the profiles and different storage systems can be attached in a manner that allows them to float above the floor.

DESIGN AND FUNCTION IN PERFECT HARMONY

# MORE THAN JUST A WORKSPACE

DOBERGO **DESK SYSTEMS**

Reference:  
Deutsche Wohnwerte, Heidelberg

DOBERGO desk systems for offices and management rooms offer more than just a workspace. A combination of timeless design and exceptional functionality makes it a preferential setting within your working environment. Providing ample space for work processes and meetings, these desk systems fit seamlessly into the overall office environment. They can also be individually configured and, in conjunction with DOBERGO storage, conference, meeting and room systems, provide the perfect basis for a comfortable and ergonomic customised workspace.

# STORAGE FOR ANY SITUATION

## DOBERGO **STORAGE SYSTEMS**

---

DOBERGO storage systems provide more than enough space for all your office materials and can be installed on a modular basis. Our roll-front units, tambour door cabinets, two-door cupboards, mobile pedestals and storage walls also inspire with additional visual accents. The ARRIVA system serves as the standard range. Two further superlative and independent storage systems that we offer are the CUBICO line incorporating superbly crafted mitring and the RONDO series boasting high-quality, post-formed edges.

# STYLISH SPACE FOR COMMU- NICATION AND CREATIVITY

DOBERGO CONFERENCE AND MEETING SYSTEMS

DOBERGO conference and meeting systems are timelessly and elegantly designed table lines that provide a stylish backdrop to seminars, conferences and training sessions. From customised conference tables to mobile drop-leaf and folding tables, we have the right tables to meet any requirement and room layout. All our conference and meeting tables can be individually configured and combined with DOBERGO desk, storage and room systems. Your media technology can also be ergonomically and inconspicuously integrated into the tables to support exclusively effective communication and agile, creative work.

DISITO CONFERENCE TABLE

# TRANSPARENCY THAT CONNECTS

DOBERGO **ROOM SYSTEMS**

ALVERO partitioning with linear or curved glass and narrow aluminium profiles offers stylishly elegant interior room solutions. They create seamless and frameless floor-to-ceiling glazed areas and rooms flooded with natural light. In addition, they seamlessly continue the exterior appearance of the interior architecture. Effective screens can be created if needed by laminating the glazed areas. In conjunction with DOBERGO panel walls, appealing and customised spatial solutions can be created that comprehensively meet all visual and functional requirements.
